Vinyl Banners 13 oz or 18 oz

8 oz Polyester Mesh Banner

BANNERS

Vinyl Banners are a professional but budget-friendly solution for a wide range of needs. The product is high-quality, tear-resistant, weatherproof, long-lasting and quite suitable for both indoor and outdoor environments. Printing on Vinyl banner material makes the colours pop and delivers vivid image quality. Vinyl banners have a good opacity, which makes them perfect for applications requiring complete opacity. The product is also UV safe and won't fade by reusing. We offer gloss and matte banner materials plus various options for grommets, hemming, pole pockets, wind slit, enforcement belt and more.

Possible Applications:

- Indoor and Outdoor Signage
- Advertising
- Sales & Event Promotions
- Trade Shows and Exhibits
- Events and Occasions
- Conferences, Seminars and Presentation
- Announcement
- Other Commercial and Graphical Projects.

Product Specifications:

- Full-colour Single-sided Printing
- Packed and Delivered in Roll
- Grommet, Hemming, Pole Pocket, Pocket + Rope, Wind Slit and Enforcement Belt Options Available

Size Options:

Different sizes are available for Vinyl Banner 13oz and 18oz. Ordered sizes should fall between a minimum of 12 inches and a maximum of 1800 (150ft) inches for the width and between a minimum of 12 inches and a maximum of 96 inches for the length.

Material Options: Vinyl Banners" Weight: 13oz, 18oz

Printed Side Options: One-sided (4/0)

Grommet Options:

- No Grommet
- Top 2 Corners
- All 4 Corners
- Every 2-3 Feet Top and Bottom
- Every 2-3 Feet on Sides
- Every 2-3 Feet All Around

BANNERS

Hemming Options: Top and Bottom
Right and Left
All 4 Sides

Pole Pocket Options: 2-inch Pole Pocket (Top and Bottom)
4-inch Pole Pocket (Top and Bottom)

Rope Options: Top and Bottom
Right and Left

Wind Slit Options: Available

(Wind slits are made to protect the banner against harsh windy conditions.)

Reinforcement Belt Options: All 4 Sides

(Reinforcement belts are inserted to make the banner stand stronger and to protect it against shakes and harsh windy conditions.)

Production Time Only: 2-3 Business Days

 - Pole pocket and Rope
 - Wind Slits
 - Reinforcement Belt all 4 sides

BANNERS

Mesh Banners are printed on 8oz polyester mesh material that provides high image quality with clear details. Windsafe, long-lasting mesh banners are designed for outdoor installation. The material is comprised of tiny holes throughout that allow the air to blow through. Another advantage of mesh banners is that they don't block the light. The product is partially see-through, which allows you to install them on windows, over balconies, on scaffolding, etc. Mesh banners are non-adhesive, but instead, grommets are usually used for mounting. We offer various options for grommets, hemming and enforcement belts.

Possible Applications: Outdoor Signage
Advertising
Sales & Event Promotions
Events and Occasions
Fence Wrapping
Other Commercial and Graphical Projects.

Product Specifications: Full-colour Single-sided Printing
Packed and Delivered in Roll

Grommet, Hemming and Enforcement Belt Options Available

Size Options:
Different sizes are available for Mesh Banners. Ordered sizes should fall between a minimum of 12 inches and a maximum of 1800 inches for the width and between a minimum of 12 inches and a maximum of 96 inches for the length.

Material Options: 8oz Polyester Mesh

Printed Side Options: One-sided (4/0)

Grommet Options: No Grommet
Top 2 Corners
All 4 Corners
Every 2-3 Feet Top and Bottom
Every 2-3 Feet on Sides
Every 2-3 Feet All Around

Hemming Options: Top and Bottom
Right and Left
All 4 Sides

Reinforcement Belt Options:
All 4 Sides

(Reinforcement belts are inserted to make the banner stand stronger and to protect it against shakes and harsh windy conditions.)

- Q** If I select 1-sided printing, what will I see on the reverse side ?
- A** The reverse side will show a mirror image of the visual
- Q** Can I change the color of the sleeve that holds the poles?
- A** Yes, by default the sleeve comes in black but you can request white. Just be sure to specify this when placing your order.
- Q** If I order 4 small, 4 medium and 2 large, do I use the pricing for 10 or more?
- A** Yes! Exactly!

FLOOR GRAPHICS

Floor Graphics + Anti-slippery Lamination are one-time and semi-temporary display solutions. They're designed to endure foot traffic. Floor decals are thin and coated with an anti-slip laminate, which means they won't be a hazard or nuisance for walkers. The anti-slip coating also protects the decal from friction, dirt and dust. The product can be used for a wide range of applications like floor advertising, social distancing signs, wayfinding, directions and more.

Floor decals adhere to concrete, wooden or tile subfloor but they don't work on porous, damaged, bumpy, dirty, stained or wet surfaces. The product is removable but once installed, it can't be repositioned or reused. Assuming proper care and maintenance, floor graphics last up to one year or more in heavy traffic areas.

Possible Applications:

- Indoor Floor Advertising
- Floor Arts and Decoration
- Event & Exhibitions
- Wayfinding
- Directions
- Other Commercial and Graphical Projects

Product Specifications:

- Custom Trim Size Available
- Contour Cut Available

Size Option (W x H):

12" x 12" | 12" x 18" | 12" x 24" | 12" x 36" | 12" x 48" | 15" x 15" | 18" x 18" | 18" x 24" | 21" x 21" | 24" x 24" | 24" x 36" | 24" x 48" | 27" x 27" | 30" x 30" | 35" x 35" | 36" x 24" | 36" x 48" | 40" x 40" | 45" x 45" | 48" x 36" | 48" x 48"

FLOOR GRAPHICS

WALL GRAPHICS

Eye-catching Wall Decals on office, business, retail or home walls create an innovative atmosphere that excites viewers' interest. The product comes printed on low-tack wall adhesive that allows you to easily remove, reposition and reuse the decal many times without damaging either the surface or the adhesive. Wall decals are suitable for indoor commercial and decorative use. The product is high-quality, durable, long-lasting and fully customizable to your needs.

Possible Applications:

- Indoor Wall Advertising
- Wall Arts and Decoration
- Event & Exhibitions
- Wayfinding
- Directions
- Other Commercial and Graphical Projects

ARCH OPTIONS

REGULAR

The regular arche comes with an integrated continuous blower which requires electricity. A silent blower is also available for this type of arch.

ONCE INSTALLED, IT RESEMBLES THIS! DO YOU HAVE TO INSTALL IT? NO! IT ARRIVES READY TO USE! YOU JUST NEED TO PLUG IT IN :)

AIRTIGHT

An airtight is similar to an inflatable mattress, but less comfortable :P. Simply open the small cap on the arch, insert the blower and inflate. Once inflated, close the small cap to maintain air. Electricity is no longer required.

How long does it remain inflated? Honestly, for several hours! However, the arch may be sensitive to temperature changes, and could require a little boost of air. If maintained in a stable climate, it can remain inflated for a long period of time.

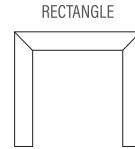

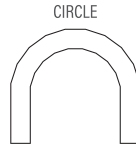

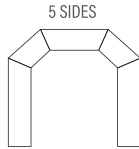

TO INFLATE THE ARCH, THE BLOWER IS INSTALLED HERE :)

INFLATABLE STRUCTURE

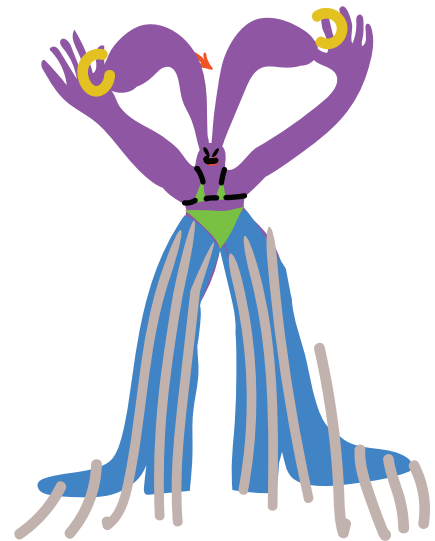

CUSTOMIZED

WHAT ARE THE STEPS?

1 Step 1, Vectorized design!
If you have one, send it to us! If not, we've got you!

STARTING FROM 1495\$

Since the structures are personalized, we are unable to set a price. All you need to do is send us a visual, an image that inspires you or simply chat with your account manager. By reviewing your design and the measurements we will be better equipped to provide you with a price

INFLATABLE STRUCTURE

PRODUCTION TIME
4
WEEKS

CUSTOMIZED

3. Step 3, Tah-dah!!! See the live result, LIVE! ↓

2. Step 2, we create the 3D design! →

- Q** Is the customized structure airtight?
- A** Since the airflow needs to be continuous, this is not always possible due to various shapes. Therefore, a continuous blower may be required.

INFLATABLE MASCOT

Rental Rates Available

- Q** What is the difference between 1 or 2-sided printing ?
- A** 1-sided, the printing will be visible on the front OR back... 2-sided, the printing will be visible on the front AND back!
- Q** How are the walls attached to the tent ?
- A** They are attached with velcro at the top (back of valence), they can be positioned either on one side or the other and if you have several walls, they can be attached together with a zipper.
- Q** Do I need to choose a color for a plain no-print wall ?
- A** Plain walls are available in the following colors: royal blue, red, green, yellow, white or black. However, if you require a specific color, you need to select a printed wall so that it is the same color as your canopy!

THE BIG CHECK

Foamcore (one Time Use)

The well known light weight display material. Excellent for signs and displays. Lightweight & rigid printed full colour 1 side.

PRODUCT	PRODUCT CODE	PRICE
48" x 24"	MC-FC48	\$75.00
60" x 30"	MC-FC60	\$112.50

Gatorboard (Repeat Use?)

White Gatorfoam panels are amazingly strong and light-weight. You can use them on a multitude of creative projects, ranging from complex theatre sets to simple photo mounts. And, because they are resistant to sun, wind and rain, both can be used indoors and out. Printed full colour 1 side

PRODUCT	PRODUCT CODE	PRICE
48" x 24"	MC-GB48	\$97.50
60" x 30"	MC-GB60	\$150.00

TABLECLOTH

3 sides

THE CONVENTIONAL

It's the most common, most requested, most classic tablecloth.

3 sides

THE BOX

This tablecloth *hugs* the table. It falls straight, without creases...just like a box on your table. Add a zipper for \$40 (nix-e-b-z)

3 sides

THE STRETCH

Excellent tablecloth for outdoor use. Elastic bands are located in each corner and fit directly under the table legs to hold it in place. Take it out in the wind, we're not scared!
